DETAILED ACTION

Response to Amendment

The amendment filed on January 28, 2005 is sufficient to overcome the prior art reference.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

•Page 1 of the Specification, following the term, "This is a divisional of U.S. Application Serial No. 09/986,287, filed May 18, 2001" insert, --now Patent No. 6,668,880—

Allowable Subject Matter

Claims 6-11 and 19-32 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose a bearing mechanism removably secured to the cutting head, wherein the bearing mechanism can be detached to allow the bearing mechanism/cartridge to be detached from the cutting head to facilitate replacement of the bearing mechanism/cartridge and drive shaft as set forth in claims 6, 19 and 30.

The prior art reference Kurelek discloses an implement for clearly brush and trees comprising a cutting head (20) having a frame (fig. 2) a motor (95), a drive shaft (96) coupled to said motor and a cutting disk (100) mounted on the drive shaft, the drive shaft is journaled in bearings (97, 98). Kurelek does not however discloses a removably secured bearing mechanism/cartridge or a drive shaft constructed to be uncoupled from the motor to facilitate replacement of the bearing mechanism/cartridge and drive shaft. Kurelek is silent to any uncoupling of the drive shaft or detachment of the bearing mechanism/cartridge.

Neither the prior art of record nor any combination thereof discloses the invention as claimed in claims 6, 19 and 32. Accordingly, the claims are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
